

Happy Earth, Sad Earth

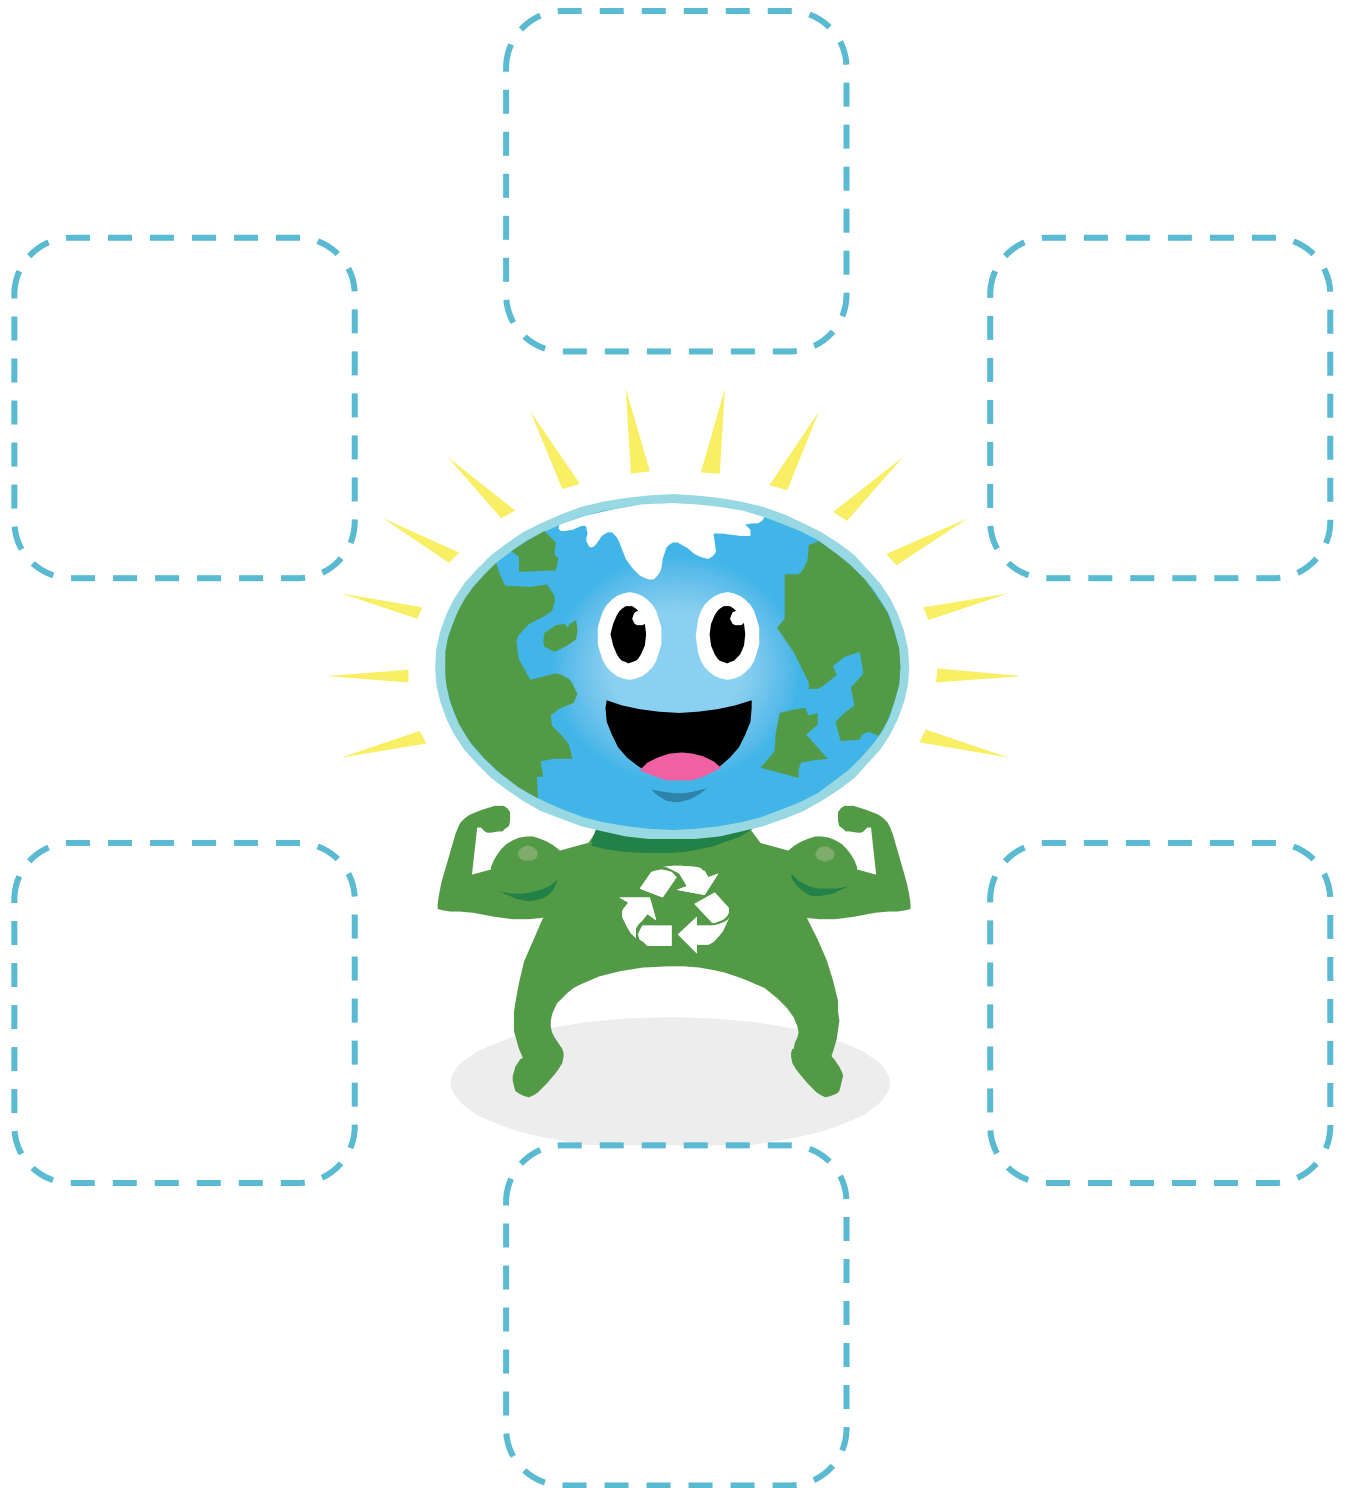

22th April 2014 is Earth's Day! Educate your child on how they can help to make our Earth a better place to live in today!

This activity will allow your child to:

- Understand the importance of responsibility, care and respect for the living things and environment
- Identify human actions that are beneficial or harmful to the environment

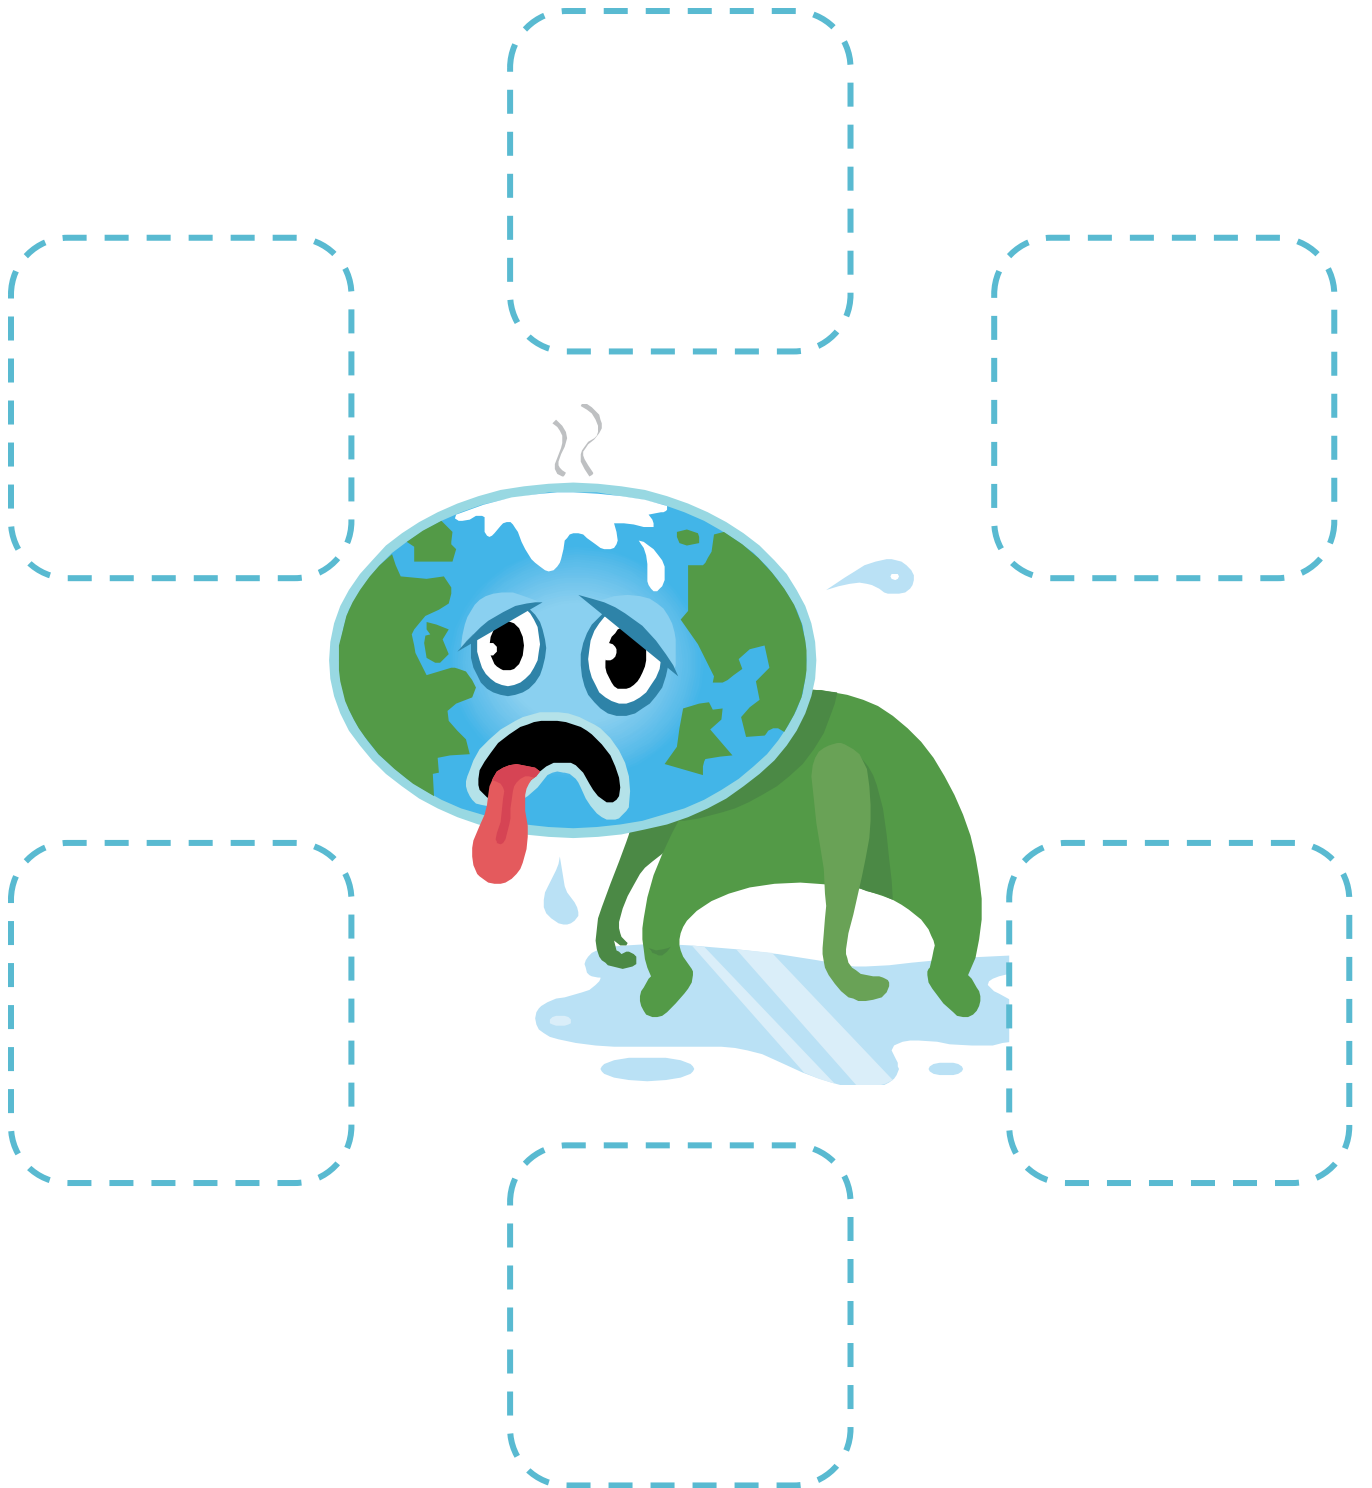

Print the “Happy Earth, Sad Earth” templates and the “Human Action Cards”. Cut the cards out and laminate them for better durability. Talk to your child on the actions that are beneficial or harmful to the environment. Then, have him/her to sort the “Human Action Cards” accordingly!

Things that make Earth

HAPPY

Things that make Earth

SAD

Human Actions Card

Picking up garbage

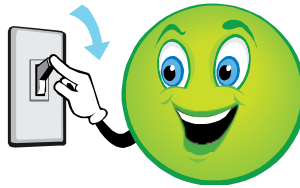

Recycle

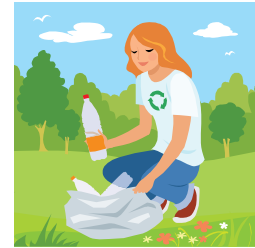

Save water

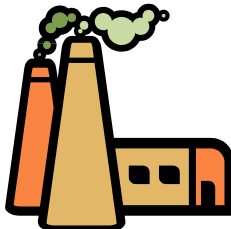

Plant a tree

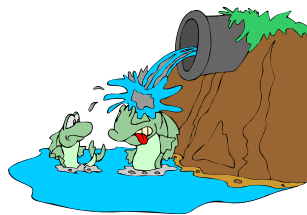

Save electricity

Reduce and reuse

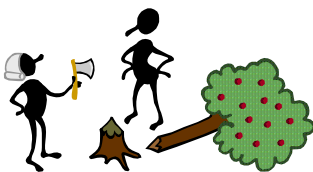

Air pollution

Water pollution

Littering

Deforestation

Killing animals

Toxic pollution
