

I Love You This Much!

15 June 2014 is Father's Day. Tell your daddy how much you love him by making this craft as a gift for him!

This activity will allow your child to:

- Perform simple fine motor skills like cutting straight lines and tracing

Print the tracing template on page 2 and get your child to trace it. Trace your child's handprints on a piece of construction paper; cut them out and paste them on each side of the banner.

Dad, I love you

this much!
