

# Ramadan Patterning Book

Selamat Hari Raya! 28 July 2014 marks the end of Ramadan. Talk to your child about how the Muslim community celebrates this special occasion and their traditional customs as he/she does the activity.

This activity will allow your child to:

- Understand more about the Malay community
- Do simple patterning

Print pages 2 to 6. Cut along the dotted lines. Cut out all the patterning picture cards. Have your child to arrange and glue the patterning picture cards onto the respective patterning stripes to create the correct patterns.
