

Ramadan Matching Time Game

Selamat Hari Raya! 28 July 2014 marks the end of Ramadan. According to Muslims, the colour green symbolizes nature and life, while the star and crescent symbols are interpreted as symbolic of Islam or the Malay community.

This activity will allow your child to:

- Gain awareness of how the colour green, crescent and star are related to Islam or the Malay community
- Match digital time to analog clock

Print the clock cards and cut them out. Simply match the digital time to the correct analog clock. Have fun!
