

My Family Tree

This activity will allow your child to:

- Develop a sense of identity in the family
- Understanding of the members in the family

Create a child-size family tree at a corner of your house using some coloured paper. Print out the flashcards of the family members. Talk to your child about the family and have him/her to arrange cards in the correct sequence. Don't forget to get your child to draw a picture of himself/herself and the pets (if you have) too!
